Release Notes TotalAP

v19.3.0
August 15, 2023

New Features & Enhancements

Description	ERP Specific
New Look Icons - Inbox and Approvals • We revamped our icons for Accounting Managers to provide a consistent look and added functionality. • We have updated our Inbox icon to an Envelope rather than a Document. • Additionally, for users with an Accounting Manager and Invoice Approver combo, we are introducing a new Approvals icon that will take users directly to their Approvals page.	N/A
Delete Unapplied Credits in the Search Tab  • When filtering for credits, a delete icon will now appear next to unapplied credits, which users can select to remove credits deleted within their ERP.	N/A
