

# Release Notes TotalAP

v22.4.0

April 8, 2025

## New Features & Enhancements

Description	ERP Specific
N/A	

## Bug Fixes

Description	ERP Specific
The vendor sync process has been improved to reliably capture all new vendors and modifications to existing vendors, resolving a previous issue where some vendor data was not syncing to MineralTree. This ensures MineralTree now reflects the most up-to-date vendor information.	Intacct

## Connector Updates

Connector	Update Required
QuickBooks Desktop	No
Microsoft Dynamics Great Plains	No
Sage 100	No
Microsoft Dynamics Business Central	No

Cloud connectors (Intacct, NetSuite, Xero, and QuickBooks Online) are updated automatically. No action is required by the user.
